

Amendment #1

Be it known that the Town of Maple recommends all private driveways meet the minimum requirements set forth in this town's driveway/access ordinance. These specifications are created for the homeowner/landowner's own safety in regard to receiving, but not limited to, health and fire protection. Not meeting these minimum requirements may also have implications when it comes to the sale of or obtaining insurance for said property. Therefore, all single dwelling homeowners seeking a driveway/access permit or single lot owners seeking a driveway/access permit who do not wish to comply with the Town of Maple minimum requirements specified herein, must sign below stating they are doing so willing.

I, \_\_\_\_\_, choose to not meet the minimum driveway specifications specified within the Driveway Ordinance beyond the right-of-way (33 feet from centerline of public road).

Signature \_\_\_\_\_ Date \_\_\_\_\_

**Driveway/Access Sketch** include grade, slope, width, length and any turnouts or dead-end turnarounds.
