

**TOWN OF MAPLE
2018
ROAD DUST CONTROL
APPLICATION**

Potassium chloride solution will be used. It is expected that it will remain effective for the entire season. It is our understanding that potassium chloride is less corrosive than sodium chloride which is typically used.

The fee of \$60 must be paid and the application form signed and placed on file with the Town.

It is your responsibility to clearly stake out the 100' section(s) of roadway for which you want potassium chloride applied. The solution will be applied 18' wide.

The fee is for one application of potassium chloride solution. The program may be suspended at any time at the discretion of the Town Board.

FEES: \$60 for each 100' of dust control application.

If road dust control application is desired, please complete the application below, enclose the fee, and mail to:

Dan Green, Treasurer
Town of Maple
10987 Harju Rd
Maple, WI 54854

I request that potassium chloride be applied to the roadway in front of my residence. I will measure out and clearly stake the area for which I want this service. I certify that the Town of Maple will not be held liable for any personal injury or property damage when engaged in applying dust control.
