

TOWN OF MAPLE 2023 ROAD DUST CONTROL APPLICATION

Calcium chloride solution will be used. It is expected that it will remain effective for the entire season. The fee must be paid, the application form signed, and filed with the Town. It is your responsibility to clearly stake out the 100' section(s) of roadway for which you want calcium chloride solution applied. The solution will be applied 18' wide.

The program may be suspended at any time at the discretion of the Town Board.

FEES: \$60 for each 100' of dust control application; the fee covers one such application.

If road dust control application is desired, please complete the application below, enclose a check, and mail to:

Tanya Colby
Treasurer, Town of Maple
3284 S Colby Rd Maple, WI 54854

I request that calcium chloride solution be applied to the roadway in front of my residence. I have measured out and clearly staked the area for which I want this service. I certify that the Town of Maple will not be held liable for any personal injury or property damage when engaged in applying dust control.
